1. Basis of quarterly consolidated financial statements

The accompanying quarterly consolidated financial statements of Nagoya Railroad Co., Ltd. (the "Company") and its consolidated subsidiaries (together with the Company, the "Group") have been prepared in accordance with the provisions set forth in the Japanese Financial Instruments and Exchange Act and its related accounting regulations and in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"), which are different in certain respects as to the application and disclosure requirements from International Financial Reporting Standards.

The accompanying quarterly consolidated financial statements have been restructured and translated into English from the quarterly consolidated financial statements of the Company prepared in accordance with the accounting standard for quarterly financial reporting under Japanese GAAP and filed with the appropriate Local Finance Bureau of the Ministry of Finance as required by the Japanese Financial Instruments and Exchange Act. In preparing these quarterly consolidated financial statements, certain reclassifications have been made to the quarterly consolidated financial statements issued domestically in order to present them in a form that is more familiar to readers outside Japan. Certain supplementary information included in the statutory Japanese language quarterly consolidated financial statements, but not required for fair presentation, is not presented in the accompanying quarterly consolidated financial statements. In addition, certain comparative figures have been reclassified to conform to the current year's presentation.

The quarterly consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and operates. The translations of Japanese yen amounts into U.S. dollar amounts are included solely for the convenience of readers outside Japan, using the approximate exchange rate prevailing at 30 September 2018, which was ¥114 to U.S. \$1.00. Such translations should not be construed as a representation that the Japanese yen amounts have been, could have been or could in the future be converted into U.S. dollars at this or any other rate of exchange.
