

## Correction of “Integrated Report 2024”

There were some errors in the “Integrated Report 2024” published on October 31, 2024. We sincerely apologize and correct the errors.

Please note that the data for the “Integrated Report 2024” already published on our website has not yet been updated to reflect these corrections. For details on the corrections, please refer to this note.

### 【Correction】

#### •FY2023 Results for Energy-Derived CO<sub>2</sub> Emissions (Consolidated)

Before : 703,586 t-CO<sub>2</sub>

After : 702,576 t-CO<sub>2</sub> ( -1,010 t-CO<sub>2</sub> from the previous figure)

※This correction has been made through the third-party assurance process.

(Date of Correction: March 27, 2025)
